### Curriculum Vitae

PERSONAL
INFORMATION

# Youchao Wang

Department of Engineering, University of Cambridge

+44 7936 674795

yw479@cam.ac.uk

#### **EDUCATION**

# Oct 2019 – Exp 2022 Ph.D. in Engineering

University of Cambridge

Electrical Engineering Division, Department of Engineering

Oct 2018 – Oct 2019 M.Phil. in Engineering

University of Cambridge

Electrical Engineering Division, Department of Engineering

Sep 2016 – Jun 2018 B.Eng. in Electronic Engineering

University of Manchester

First class honours. GPA top 1%. Second year direct entry.

Sep 2014 – Jun 2018 B.Eng. in Electrical Engineering

North China Electric Power University, Beijing

Joint 2+2 programme with University of Manchester.

WORK EXPERIENCE July 2021 – Oct 2021

1 Internship

HiSilicon Technologies Co., Ltd.

Projects related to optical information processing and optical communications.

Jan 2020 - Present

# Undergraduate Supervision Tutor

University of Cambridge

Gave individual supervision courses to Third-year Engineering students taking 3B2 Integrated Digital Electronics. Course contents include FPGA and microelectronics.

Gave supervisions to Second-year Engineering students at St John's College. Course contents include Linear Systems and Control, Communications, Fourier Transforms & Signal and Data Analysis.

Jan 2019 - Mar 2019

# Part Time Research Assistant

Department of Engineering, University of Cambridge

Embedded system circuit design and embedded system software development.

Aug 2018 - Sep 2018

### Research Assistant

Department of Engineering, University of Cambridge

Research topic: Deriving physically-inspired sensor signal invariants using a physics specification language.

Jul 2017 - Sep 2017

#### Research Assistant

School of Electrical and Electronic Engineering, University of Manchester

Research topic: "Internet of Things" LoRaWAN sensor system for protecting rivers and watercourses.

PROJECT PORTFOLIO

Nov 2020 - Present

# Raspberry PI Cluster System for Computer Generated Holography

Supporting and leading an M.Res. student on a multi-node cluster system hologram generation project. Focus: Distributed computing, Computer generated holography, Embedded systems, Code optimization.

Oct 2019 - Present

# Opto-electronic Neural Network Processor for Deep Learning Applications

Ph.D. Degree Research Project, Supervisor: Prof. Timothy Wilkinson

Focus: Optical information processing, Fourier optics, Spatial light modulator, Machine learning algorithms, FPGA, Hardware and software co-design.

Mar 2019 - Present

# Spatial Light Modulator Driver Platform for Holographic Displays

Research Project, Supervisor: Prof. Timothy Wilkinson

Focus: Spatial light modulator display driver, Holography, PCB hardware design, FPGA implementation. Designed a bespoke multi-layer high-speed PCB and implemented customized FPGA firmware.

## Mar 2019 - Oct 2019

# Computer Generated Holography on a Digital Signal Processor System

M.Phil. Degree Research Project, Supervisor: Prof. Timothy Wilkinson

Curriculum Vitae Youchao Wang

Focus: Computer generated holograms, Digital signal processing, Algorithm implementation. Implemented multiple CGH algorithms within a high-end TI DSP processor board.

#### Aug 2018 - Mar 2019

# Sensor Data Fusion using Automated Dimensional Function Synthesis

M.Phil. Degree Research Project, Supervisor: Dr. Phillip Stanley-Marbell

Focus: Miniature hardware system design, Firmware implementation, Physics specification language compiler design. Key contributor to the construction of *Newton* computer language compiler for dimensional analysis.

#### Jun 2017 – May 2018

# IoT Water Quality Monitoring System for Protecting Watercourses

Research Project, Supervisors: Prof. Bruce Grieve and Prof. Christopher Collins

Focus: Low-cost turbidity sensor design, Low power embedded system design, LoRaWAN system.

Developed a bespoke PCB board with multiple sensors and maintained the server communication.

# SELECTED HONOURS

CSC Cambridge-Trust Scholarship (Fully-funded Ph.D.)	Jun. 2019
CSC Masters Programme Scholarship (Partially-funded M.Phil.)	Jun. 2018
Third Year 3 <sup>rd</sup> Prize in School of EEE, UoM (Top 3 of the year)	Jun. 2018
2018 Beijing Outstanding Higher Education Graduate Title	Jun. 2018
Second Year 1 <sup>st</sup> Prize in School of EEE, UoM (Top 1)	Oct. 2017
Beijing Capital University & College "Pioneer Cup" Outstanding Member Title	Oct. 2016
Entrepreneur Student Scholarship (Top 3) at NCEPU	Dec. 2015
1 <sup>st</sup> Prize (Top 2) Student Scholarship at NCEPU	Sep. 2015
Special Award (Top 1‰) in National English Competition for College Students	May. 2015
2 <sup>nd</sup> prize (Top 10) in 20 <sup>th</sup> National English Speaking Competition, Beijing region	Dec. 2014

# POSITION OF RESPONSIBILITY

Reviewer of Applied Optics

Vice-president of Cambridge Chinese Students and Scholars Association

Second and Third Year School of EEE Student Representative, UoM

Chairman of NCEPU International Education School Students' Union

Chairman of Tsinghua High School Students' Union

Chairman and General Secretary of Tsinghua High School Model United Nations

2020 - Present
2020 - Present
2020 - Present
2016 - 2018
2016 - 2018
2015 - 2018
2015 - 2016
2012 - 2013

# PERSONAL INFORMATION Subject related skills

- Software Programming: Proficient in C programming (Embedded C and compiler design). Know well in C++, Python (Tensorflow Framework), Java (Eclipse IDE), Matlab and Simulink.
- Hardware programming: Know well in Verilog and VHDL. Experience in HLS arithmetic C and Xilinx Vitis.
- Hardware development: Proficient in Altium Designer. Know well in Eagle, Designspark and NI Multisim (Circuit and PCB design). Know well in Solidworks and Fusion360 (Product design).
- Environment: Proficient in MplabX IDE and Code Composer Studio. Know well in Cadence Software (VLSI), Xilinx IDE and Quartus Prime (FPGA).
- Embedded systems: Proficient in the use of microcontrollers (ARM family, PIC family). Know well TI KeyStone DSPs and Lattice iCE40 FPGAs. Experience in Raspberry Pi and Beagle Bone Boards.
- IT Proficient in MacOS and Linux (Ubuntu, Debian, etc.).
  - Proficient in the use of LTEX (Invited talk How to use LTEX at University of Cambridge, 2019).
  - Proficient in the use of Adobe Family (After Effect, Audition, Premiere, Photoshop and Illustrator), Microsoft Office Products, Corel VideoStudio, Edius and FinalCut Pro.
  - Proficient in photography, filmmaking and video editing.
  - Experience in web development and server maintenance.

### Language

English (IELTS 8.0/9.0), Chinese (Native Speaker)

#### **Driving licence**

Full clean driving licences in China and UK.
